The Waiwalea came into port this morning from Kilauea. She had trouble with her new shaft on the up trip but since that time has been running along as usual. She brought her usual cargo of sugar.

The J B Thomas will be towed to Kahului to load sugar this afternoon by the steamer Claudine, sailing at 5 o'clock. The Thomas has taken on enough sugar here for stiffening. Her cargo received at Kahului will be taken to New York.

PROPOSED BICYCLE TRUST.

Combine Capitalized at Fifty Million Dollars.

Cleveland, (O.), April 26.—There is a strong probability that within a few days nearly 100 of the largest bicycle manufacturing plants in the United States will be under the control and ownership of one gigantic company capitalized at \$50,000,000. The capitalists behind the scheme have exact data upon the situation, and this week will see the footing up of the sums total of the various phases of the proposition, and definite action will come at a meeting of the manufacturers early next week. A G. Spalding of Chicago is the chief figure in the enterprise.

"The trust will build three different grades of wheels," said Mr. Lozier of the Cleveland Bicycle Company today; "a high-price wheel, a medium and a cheap grade. There is little probability of the big deal falling through."

WAVE SWEEP ISLANDS

Tacoma, (Wash.), April 27.—Tidal waves and severe gales have caused great damage to the low islands of the Caroline group during the last few months, according to Captain Hitchfield, master and owner of the British schooner Queen of the Isles, which arrived at Wanchai, near Hongkong, from the Caroline group. He says that all the breadfruit and taro, the only luxuries the natives have to vary their usual meal of coconuts and fish, have been killed. In December last the Queen of the Isles picked up the crew and passengers, twenty-nine in all, of the American missionary schooner H. W. Logan of Boston, which was wrecked during a storm on one of the Mortlock islands. Landing the missionaries safely on their own island, the Queen of the Isles proceeded eastward.

After a day's sail past the Bora-laise reefs, Captain Hitchfield was seized with strong impression that he should visit these islets. He accordingly turned back, and found the island of St. Augustine half washed away. Fourteen people, on the verge of starvation, had taken refuge on the highest point of the island, their gardens on the lower portions having been swept out of existence by an immense tidal wave. These people were aboard and turned over to the Spanish Governor at Ponape. On her last trip the Queen of the Isles landed them at their original homes on one of the western high lands.

Not long ago Captain Hitchfield and his schooner were the means of saving the lives of over 200 people at one of the Gilbert Islands. A tidal wave overtook them and they would have been swept away but for the timely assistance rendered by his boats and crew. Captain Hitchfield is the son of J. J. Hitchfield, B. N. He is a fellow of the Royal Geographical Society, and has devoted years to voyaging among the South Sea island on pleasure and trading expeditions.

Bergersen, agent, 16 1/2 Bethel street.

Mr. John Peterson, of Patoutville, La., was very agreeably surprised not long ago. For eighteen months he had been troubled with dysentery and had tried three of the best doctors in New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. Wm. McNamara, a well known merchant of the same place, is well acquainted with Mr. Peterson and attests to the truth of this statement. This remedy is for sale by all dealers.
